

RAINTREE ANIMAL HOSPITAL

Seizure Study

Your dog may qualify for a new epilepsy medication at no cost to you. This study is being sponsored by a reputable veterinary pharmaceutical company, through Raintree Animal Hospital.

Once your animal qualifies for this study it will include:

- Monthly exams
- Lab work
- Seizure prevention medication
- Additional treatments (possibly including CAT scans or MRI's)

To qualify, candidates must:

- NOT be on any anti-seizure medication.
- be canine
- be at least four months old
- weigh at least 11 pounds
- NOT be pregnant
- no history of cluster seizures or status epilepticus

For more information on participation in this study, contact Nikki (Veterinary Practice Manager) at 482-1987 or by email: manager@raintreepets.com to schedule your free evaluation.

Dr. Howard T. Robinson, Dr. Deborah Kiser and Dr. John Arnold have been chosen and trained to conduct this study in Fort Collins and surrounding area. You do not need to be a current client of Raintree Animal Hospital to receive the free evaluation or to participate in this study.
